UTAH
ASSOCIATION

of PUBLIC
CHARTER
SCHOOLS

UAPCS IS ENROLLING BUSINESS ASSOCIATES!

The Utah Association of Public Charter Schools (UAPCS) is increasing its capacity to serve Utah's public charter schools. We invite companies and service-providers to become Business Associates and support the important advocacy and resource work of Utah's statewide charter school association.

Utah currently has 74 charter schools serving 27,500 students. Sixty of these schools are association members – we communicate with them all. The network of charters served by UAPCS is larger than either the Salt Lake (38 schools) or Weber (45 schools) School Districts.

UAPCS can help to ensure that Utah's charter schools know about your business and services!
